HANLEY PRESSED TILES

For clients seeking a more modern alternative to our traditional Hanley Hand Cut tiles we now offer our 33 signature Hanley glazes on machine pressed tile bases. Because they are pressed by a machine the sizing is consistent across this collection, which delivers a crisp, clean installation and the smallest possible grout lines. The tiles are still glazed to order or hand decorated in our Stoke-on-Trent factory.

Choose from 100mm (4 inch), 126mm (5 inch) or 152mm (6 inch) square tiles along with various rectangle sizes, from narrow liner tiles up to a 152 x 50mm (6 x 2 inch) format that stacks beautifully.

Finish your installation with glazed edges or select from our range of tiles with rounded edges in the 100mm (4 inch) and 152mm (6 inch) formats. Please note pressed 126mm (5 inch) tiles are not currently available with rounded edges.

This collection also includes some curved opening tiles which are ideal for archways, bath surrounds, fireplace openings, niches, windows and more.

Our pressed tiles can be mixed with handmade trims and pieces from the Hanley Hand Cut collection although we suggest making test panels or reviewing samples before committing to your production order to ensure you're happy with the combination. Hand cut tiles and trims will have more variation which your tiler will need to allow for with larger grout lines.

LEAD TIMES & CUSTOMISATION

There is no minimum order. Tiles are made to order in 6-10 weeks depending on your order size.

Colour samples are available for reference. Custom colours are available at additional cost and a minimum order quantity of 5 SQM.
